Attendance Matters

Please remember that it is your responsibility to call or report your child's absence to the school on the day of your child's absence by 8:45am at the latest. It is very important for safeguarding reasons that we know a child is safe at home with parents if they are not in school. **It is taking a considerable amount of time for the office team to call and check on absences at the moment.**

Illness:

We understand that attendance levels can be affected by illness, particularly colds and sickness bugs. We would encourage parents to send their children to school where possible. However, if your child has any sickness or diarrhoea, please keep them at home for 48 hours following their last episode of sickness. If your child has a high temperature, please keep them home until it has gone.

Every Minute Counts! Lateness = Lost Learning

Punctuality:

It is important that your child arrives at school on time. This helps them learn good timekeeping and reduces the chance of classroom disruption and possible feelings of embarrassment. Pupils who arrive after the registers have been closed, either in the morning or the afternoon, without an acceptable explanation or children who are regularly late will be marked as unauthorised absence.
